

Air Tools Catalogue

1/2" Impact Wrench

Model - NI 7717

Available in standard anvil

Twin hammer mechanism, can keep high torque output

High torque applications

Lightweight parts but designed for heavy duty applications

Features

- Heavy Industrial design
- Durable
- Widely used in assembly line
- Durable twin hammer mechanism
- Powerful Torque

Specifications

Sq Drive (inch) : 1/2"

Free Speed (rpm) : 7900

Torque(N.m) : 750

Anvil Length (inch) : standard

Weight(Kg) : 2.1

Air Pressure (Kg/cm²) : 6.3-8

Avg. Air Consumption (L/min) : 7.5

Air Inlet (NPT) : 1/4"
